

The Citizens of Sumpter and the City Council have made the decision to lock all City owned water faucets.

Local Residents who take water from City owned faucets will need to come to the Recorder's office and set up a billing account to pay the monthly fee of \$19.50 for the use of City Water.

Campers/Hunters and Travelers
are our guests and we ask nothing;
but we will gladly accept your donations.

There will be a key at the Stage Stop Gas Station
or City Hall with the City Recorder.

Thank you,
Citizens of Sumpter
and Sumpter City Council
